SUBROGATION EXPERTISE

Latitude Subrogation Services (LSS) delivers recovery assets through our customized subrogation and salvage management programs. Latitude's expertise spans all lines of personal and commercial business. Our dedicated and professional subrogation specialists have decades of experience handling multi-lines subrogation claims in all 50 states and all Canadian provinces, this experience defines Latitude as a leader in the industry.

LSS has the capacity, funding, and facilities to handle projects of any size including a complete outsource of a client's subrogation, salvage administration, and litigation unit. Best of all, you will be joining a legacy of satisfied clients who have benefited from our services. By relying on our expertise, your company will reduce fully loaded costs through outsourcing, decrease the cycle time of recovery, and increase recovery dollars.
